

**tradesources.net**

a division of STALLWORTH ENTERPRISES, INC.

Provides resource management tools, services, and real-time information to architects, interior designers, engineers, contractors, facilities managers, manufacturers, and technical library consultants

With **tradesources.net**, **design + building professionals:**

- access the products of more than 12,000 manufacturers
- reduce time spent on product research
- easily make contact with local manufacturers' reps
- customize searches by category—product type, manufacturer, location, etc.
- examine products identified as “green”
- quickly order catalogs, samples, or brochures from multiple manufacturers
- track products reviewed or specified for your projects

**one industry. one source.**

The web's most comprehensive database of manufacturers, products, and resources for the design and building communities
